

Damiano Taurino: Sculpture "Equilibrion", bronze on wood

€11,980.00

Product no.: IN-952047

The Italian sculptor Damiano Taurino hails from the Salento Peninsula - a region where Baroque art and architecture are omnipresent. This influence is still recognisable in Taurino's figures. Realistically and with great attention to detail, he models his sculptures, which are actually scenes telling their own little stories.

One of the central motifs in his work is dance. Sometimes dynamic, sometimes sensitive, he portrays dancers - like here - maintaining their balance: Taurino's graceful dancer shows what hard practice in dance and ballet can ultimately achieve: the highest level of elegance and the impression of floating lightness.

Edition in bronze, cast using the Lost-Wax-Process, chiselled and patinated by hand. Limited edition of 12 copies, numbered and signed. Size 84 x 43 x 25 cm (h/w/d). Weight 12.6 kg.
